Notes

- Column 1 USUAL & COMPLETE FIRST NAME(S) IN SMALL CAPITALS — additional diminutive in roman — "nicknames in roman, in inverted commas"
- Column 2 USUAL & COMPLETE FORENAME IN CAPITALS — information on relationship (other drivers pointed with ") in roman — *miscellaneous information (car or engine made, job, etc.) in italics*
- Column 3 NATIONALITY IN CAPITALS, ABBREVIATION — (ORIGINAL NATIONALITY BETWEEN BRACKETS) — FURTHER NATIONALITY AFTER THE SIGN —>
- Column 4 Series entered, ranged in a sort of hierarchical order : F1, ZA (South African F1), F1 SU (Soviet F1), USAC (Indy Cars), Tz (Tasman Series), AUS (Australian races for formula Tz), NZ (New Zealander races for formula Tz), FA (SCCA formula A), MAF1 (Mecánica Argentina), FL CH, FL GB, FL NZ, Grass (New Zealander races on grasstracks), FL SU (Soviet FL), F2 (formula 2), F2 SU (Soviet F2), IRL (Formula 1600 in Ireland), NZNF, 1.5 (Australian formula 1.5), F3 RA (Argentine Temporada races), F3 EUR (unofficial — main International rendez-vous in Europe for formula 3), F3 D (West German races), F3 F (French races), F3 I (Italian races), F3 DK (Dane races), F3 S (Swede races), F3 SF (Finn races), F3 GB (main British races), Leston (British Les Leston championship rounds), F3 Club (British Club & National races), F3 DDR (East German races), F3 SU (Russian races), F3 Iron (races under the so-called "iron Curtain" : CS, H, PL), other F3 (races not included above), SP> (international races for sportscars, over 2600 cc), Can-Am, USRRC, SCCA, CDN (Canadian sportscars races), Revson (Revson series for 2.0 sportscars), SP-GB> (British sportscars races), SP-F> (French sportscars races), SP< (international races for sportscars, under 2600 cc), NASCAR (U.S. stock cars), USAC st (USAC stock cars), GT (international races for sportscars, GT class), GT-GB (British championship for sportscars, GT cars), Transam (U.S. series for local GT cars), Tr (International European races for Touring or Production cars).
- Other colours indicate a variation within the related series : over 3.0 in formule libre — F1 cars in FA, in formule libre — up to 2.5 in F1, in FA, in formule libre — lested 1.6 cars, or ancient 1.5 cars, in F1, in FA — hill-climb in USAC — F2 cars in formula Tasman, in formule libre — non-OHV 1.6 cars in F2, in formule libre — 1.5 cars in formula Tasman ; formula B — 1.1 (AF2) cars in formula Tasman ; Formula C ; not identified class in FA — minor formulæ (e.g. formula Vee) in formula Tasman, in NZ formule libre — sportscars in formula Tasman

Column 5 Races are chronologically ranged within each series. When races are numbered (e.g. Brands 1, Brands 2, ...), the numbers used should apply within the relevant series (i.e. Brands 1 in Les Leston Series is not the same race as Brands 1 in F3 Club). All the races of a same kind (i.e. 2 F3 races) organized during a same meeting are listed but once. See below the 1967 race list, series by series. Places of birth & death mention (when known) the town or village and, under brackets, the administrative division (as it was at the relevant time) and the country. A place beginning by "from" under brackets indicate more likely the place of residence than the place of birth.
